FLIGHT ADVENTURES

Great Success at Flight Adventures!

2,000 Visitors Attend New STEM Event

Last weekend, we debuted a new program - Flight Adventures - in place of Biggest Little Airshow. It was a great event! We welcomed over 2,000 visitors of all ages to the Museum to participate in a variety of hands-on STEM activities. Our RC program saw 150 young people who took a turn on our RC simulators and then had the opportunity to fly the RC planes with our pilots.

The end of the day saw an exciting RC airshow with pilots from the local Paradise Flyers club and the Warbirds West from the mainland, concluding with our famous candy drop! All in all, it was an incredible accomplishment, due in large part to the assistance of our wonderful volunteers. A big THANK YOU for the work that you do to ensure our Museum's success!
